

Ernst Van Den Krupp
Charactographer

A pioneer in robotic programming, Ernst Van Den Krupp is now THE point of reference if you want your domestic robots to have a pleasing personality and a beautiful voice, but he can also configure tailor-made personalities perfectly. Great art!

Marina de Fonseca
Decryogenist

Thanks to the exceptional talent of Marina de Fonseca, people who were frozen at the beginning of the 21st century can now be woken up safely to live on for an average of 250 years for men and 280 years for women. A relief for those who had doubts about this delicate operation.

Virginie le Crodec'h
Weather Stylist

Well known to all agricultural, matrimonial and tourism programmers, Virginie has made herself famous by setting up ideal climates for all occasions. Whether snow in July to cool the air or regular showers so as not to disappoint tourists in Brittany and Scotland, she has constantly surprised us over the years with her magnificent collections of climates.

Charlie Perrache
Entomophological Masterchef

The winner of last year's prestigious Golden Grasshopper award no longer needs an introduction; we owe him for so many classic dishes like red ant soup, silkworm carpaccio and ladybird sorbet!

Wang Gzhen
Virtual virginity agent

Discoverer of the famous "digital smog" in 2068, Wang Gzhen was one of the first to find a rational solution to erasing all those traces of our private lives that had accumulated on the Internet since the beginning of the 21st century! Thanks to him, millions of men, women and androids have been able to erase their past and rebuild their lives.
