

## Office du Ducroire after 50 years

The Office du Ducroire has celebrated its 50th year of offering export insurance to local firms, Times are changing however: the office reported having to pay out a record high of six million euros in 2011, while the debt crisis has increased the risk seen by EU exporters. The Office has updated its logo and added the words “Luxembourg Export Credit Agency” to increase its international visibility.

Etienne Reuter, president of the Office du Ducroire
