

BPM LAUNCHES NEW SHIPPING SITE

International mail services provider BPM-Lux has launched a new website and it has won the “Export Award 2011” from the Chamber of Commerce and the Office du Durcroire. The site allows worldwide shopping, giving a user six international addresses (USA, UK, France, Germany, Belgium and Luxembourg) at which to receive parcels and mail that can be forwarded anywhere in the world. BPM is also pitching the site to retailers interested in offering e-commerce to manage the returns of their shipments. The 5 year old company is a subsidiary of logistics, fulfilment and distribution provider RT-Log S.A. that’s been operational for five years. The service is offered by subscription for a fee of 5 euros/month. ww.bpm-lux.com

BPM collects Export Award for its new website,
Hans Kelderman, Jean-François Tousch, Vera Zeimet, Robert Thiemann
