Working in Luxembourg – Third edition

The American Chamber of Commerce (AMCHAM) is launching the third edition of its business guide *Working in Luxembourg*, which provides an overview of the rules, practices and customs of the Luxembourg business environment as well as the cultural context of the workplace environment, the government and social support systems. A team of more than 20 experts from AMCHAM's member companies have updated and expanded the content of the publication, thus making it the most comprehensive guide available on the Grand Duchy as a business location.

The purpose is to facilitate the establishment of new business

in Luxembourg. The subjects covered range from work permits to maternity leave, business licenses to tax withholding, educational resources to private clubs to relocation companies, thus offering a wealth of information for HR managers working in the Luxembourg market. This book has been researched and published as a public service to promote investment in the Grand Duchy of Luxembourg and to help Luxembourg-based expatriate companies.

This third edition has found strong support from key players in the Grand Duchy such as the Ministry of Economy, the Luxembourg Chamber of Commerce, the City of Esch-sur-Alzette as well as the Luxembourg Stock Exchange. ☒ The publication is available at the AMCHAM offices at 6, rue Antoine de Saint-Exupéry – L-1432 Luxembourg or at select bookstores in Luxembourg.
