

1,2,3 Go features speed coaching

The 11th edition of the 1,2,3 Go business-plan development scheme featured speed-coaching at the 27th January event in Trier. The event allowed candidates to have professional advice on their business plans by meeting three coaches who could verify the originality, potential and feasibility of their projects. 38 candidacies have been accepted out of 75 applicants for the 2010-2011 edition of 1,2,3 Go, of which 14 come from Luxembourg.
