

## Belgium-Luxembourg seminar

A Luxembourg - Belgium economic and financial promotion event will take place in Brussels on 7th December. Organised by the Chamber of Commerce and the Walloon, Flanders and Brussels investment & trade organisations, this will reprise a similar very successful event held last November. Organisers hope that, given the importance and diversity of the Belgo-Luxembourgish links, the event could become a yearly meeting point.

Held at the Maison du Luxembourg in Brussels, the event will feature a morning seminar allowing participants to network. In the afternoon, B2B matchmaking will be organised using the *b2fair* application taking company preferences and needs into account. The event will focus on the sectors identified by the Luxembourg government as priorities for the economy: finance, logistics, services to companies, ICT, environmental technologies and renewable energies. For information, contact Ms. Anne-Marie Loesch / Ms Andreja Wirtz, +352 42 39 39 – 312 / 379 or [international@cc.lu](mailto:international@cc.lu). Register for matchmaking at: [www.belux-matchmaking.lu](http://www.belux-matchmaking.lu).
