TURKISH CHAMBER

The new Turkish Chamber of Commerce in Luxembourg--chaired by **Ali Tufan Demirkapu** of real estate firm Villarc Prestige--has officially launched.

"The mission of Turkcham is to be the leading representative for Turkish and Turkey based international business in Luxembourg," it says in a press

release. The chamber plans to offer networking and business support services to Luxembourg firms. Turkcham

is unrelated to the Turkey Luxembourg Business Club, which started in the Grand Duchy two years ago, TLBC notes. Separately the Luxembourg-Turkish Business Council--a bilateral

group backed by the Turkish trade board and Luxembourg Chamber of Commerce--held its first official meeting in Istanbul on June 6. The

council was formed following last November's state visit to Turkey by the grand duke and duchess. Members include CFL, ING and Luxinnovation. The TLBC is part of the council initiative.
